JURASSIK DIARES

A contemporary nutty boy deals with a Jurassik World... very little scary and so much funny!

Martin is a student at Castle Lake Middle School, he's very passionate about Science and unpopular at school.

One day, while sitting absent-minded in the schoolbus driven by his grandmother, he dropped off the bus a stop earlier than usual ... he realizes the error when he finds himself in the middle of a waste land where a tunnel guides to a small village populated by prehistoric humans.

The boy tries to innovate them by teaching Speech and showing inventions. Martin soon becomes a great scientist and a very estimated guru for all the community but when the 4 bullies, that hate him, drop off at the "magical" bus stop the idyll ends.

The adventure has just begun and Martin needs a thousand of new inventions to protect from bullies and save dinosaurs from the glaciation.

LAUGHS

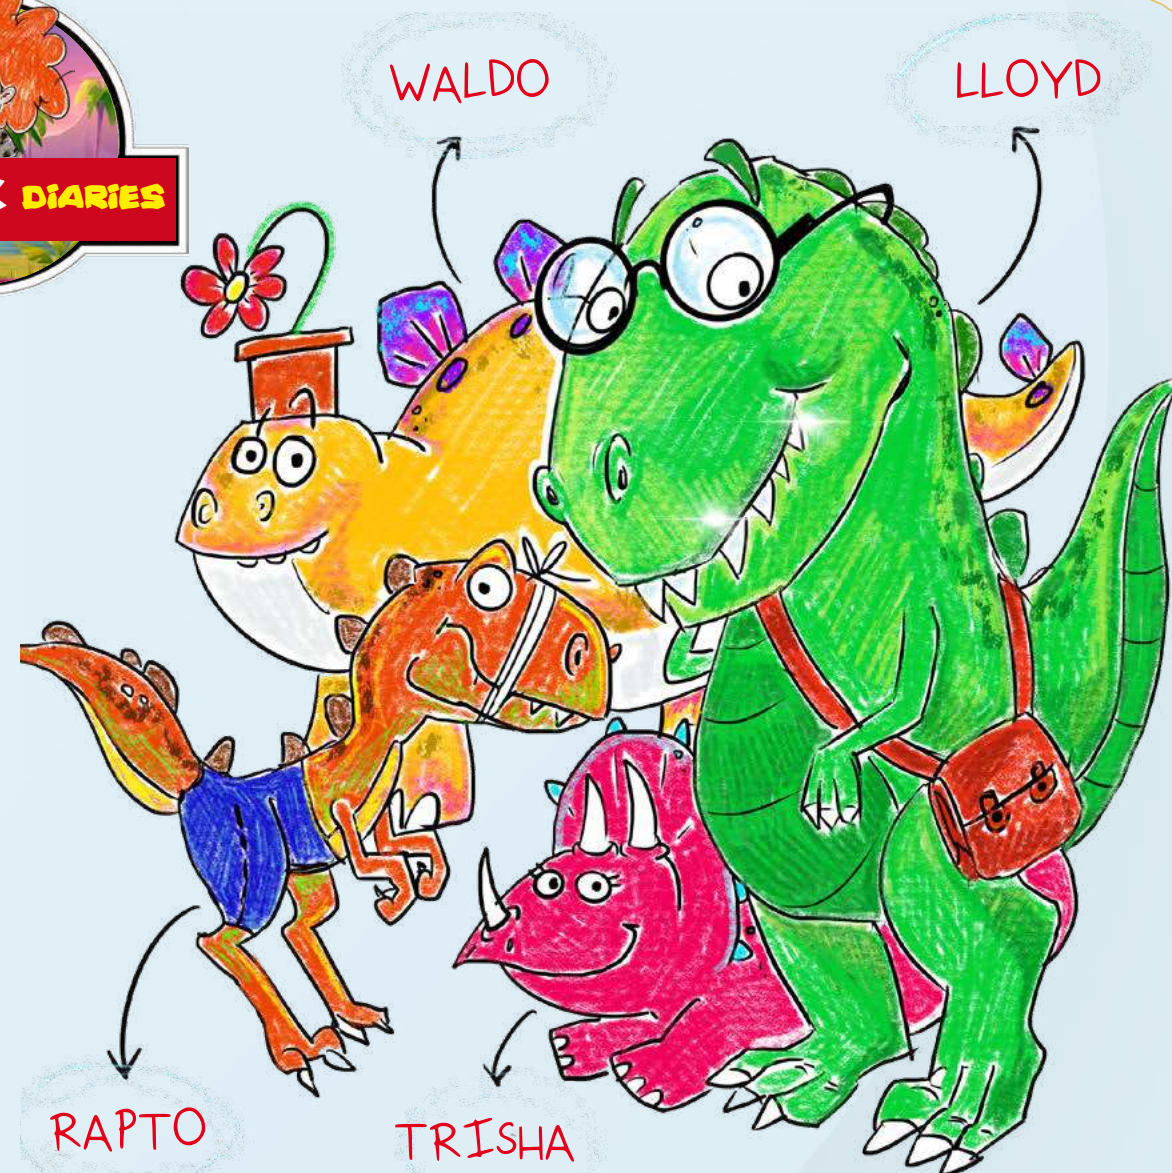

The book series contains a lots of sketches and strips. The story is based on narrative and visual counterpoints between the modern world of Martin and the jurassic one.

THE BOOK SERIES

The author has been constantly working for one year on JURASSIK DIARIES, that he considers as his main project together with DIARY OF A NERD.

Setting

The story is settled in the prehistoric age but Martin is a 2020 guy.

Martin can speak to dinosaurs

Martin penso' che al mondo jurassico servisse uno store come Amazon. Ma sarebbe stato difficile aprire un negozio on line senza prima inventare un personal computer. Ma tutto questo cosa c'entrava con i tirannosauri? Nulla! Ma un computer serviva sempre. Magari Martin avrebbe potuto guardare Netflix

la sera, dopo i combattimenti con gli Pterosauri. In quel momento comprese che prima di ogni cosa avrebbe dovuto inventare la ruota. Ma prima ancora doveva tentare di parlare con tirannosauri per far gli credere che anche loro erano vegetariani.

Non doveva essere difficile!

A New big success!

JURASSIK DIARES

A new book series by the author of DIARY OF A NERD! This is an excellent family book fery reccomended for 8-11 readers but also for adults who want to laugh a lot.

The most sold books among dinosaurs! Actually, tyrannosaurus rex love too.

A pop book by Philip Osbourne gives laughters to everybody!

COCCO & NANDO

The Odd Couple

A real odd couple.
Everyone is talking about Crock, the famous New York City sewer alligator who has finally found a home in the ocean. He should be living in fresh water, not the ocean... but once he discovered the stunning Kidring Beach, Crock moved there right away and in great secret. With his rubber fangs, Crock is not scary at all, but he is sarcastic and funny and has a really bad habit: he loves stealing things from tourists!

A gullible and glamorous shark, Nando is missing a fin (but he has an artificial one!), bubbly and fashionable. He lives in Kidring Sea, and he's Crock's best friend. Crock and Nando are an odd couple who share fun adventures under and above Kidring Sea. Oh, one more thing: they both have a terrible enemy... Mr. Underwater, a funny man who loves shark teeth and crocodile-skin bags.

Sure-fire laughter!

Sure-fire laughter!

Rimasi elettrizzato e i miei occhi divennero ancora più grandi del solito.
Che dolore!
Ma che modo era questo!
Non si va mica in giro a colpire di scariche elettriche gli amici!
Io lo faccio perché sono un roditore, e noi siamo buoni anche quando siamo cattivi.
Ma un mago dovrebbe comportarsi da mago e non da bambino vendicativo.
Chiederò a Madam Penny che lo boccino. Si merita di ripetere l'anno e magari di avere come assistente non un vero coniglio, ma un ridicolo peluche.
Gli ingrati, come Harry, dovrebbero essere puniti.
Dovevo nascondermi prima che mi colpisse di nuovo.

The Magical Freud

Little Freud e chiuse gli occhi, fece scorrere nel suo cervello le immagini di tutti i suoi amici, dal dalmata con cui giocava sul prato di casa sino al terribile cane che aveva visto in un film horror. Poi, con tutta l'energia che circolava per il suo corpo, urlò: «Miaooooo!» Jay scosse la testa in segno di disapprovazione. «Il tuo caso è più grave di quello che pensavo.» «Come potrò tornare ad abbaiare?» «Prima dovrai risolvere il tuo "problemينو" con John M. King.» «Ma... ma questo è impossibile. Lui è terribile!» Per Jay c'erano tante cose difficili, ma poche veramente impossibili. La positività e l'entusiasmo erano sempre più forti dei dubbi, per questo non esitò a ribadire: «No... è difficile, forse improbabile, ma non è impossibile.»

FROM THE MOVIE
THE SWORDSMAN

Steven Frederic Seagal (is born April 10, 1952) is an American actor, producer, screenwriter, martial artist, and musician who holds American, Serbian, and Russian citizenship.

In 1988, Seagal made his acting debut in *Above the Law*. By 1991, he had starred in four successful films. In 1992, he played Navy SEAL counter-terrorist expert Casey Ryback in *Under Siege*.

During the latter half of the 1990s, Seagal starred in three more feature films and the direct-to-video film *The Patriot*. Subsequently, his career shifted to mostly direct-to-video productions.

He has since appeared in films and reality shows, including *Steven Seagal: Lawman*, which depicted Seagal performing his duties as a reserve deputy sheriff.

Perché i geni non calcolano mai gli imprevisti?
L'imprevisto era il padre della piccola scimmietta che derubammo.
Un enorme gorilla in stile King Kong si stampò sul viso un ghigno che non lasciava presagire nulla di buono.
Ci guardò con l'aria di chi sapeva di essere il DDT e noi degli insetti.
I suoi occhi raccontavano una voglia di vendetta e i nostri la paura.
Tentammo di fuggire, perché non ci passò minimamente per il cervello di combattere contro un energumeno alto come un grattacielo.
Ma la cosa buffa fu che a lui non passò minimamente l'idea di aprire un dialogo con noi.
Ci prese in mano e, probabilmente, immaginò che fossimo due vecchi giocattoli

Language: Italian, English

A CLASSIC ADVENTURE WITH A MODERN TWIS

A portal from the Dreamland opens a path for the horrible creatures that arrive in the city. Nightmares materialize and the story's main characters will have to save the world. Five children, troubled by their personal problems, find themselves confronting the impossible. Their only helper is a magic map and their will for redemption. Science fiction, fan-

tasy and adventure merge into a book full of twists.

DANNY DOOM is a series of stories full of action and humor with outstanding illustrations. It is reminiscent of the Goonies, and the TV series, Stranger Things. A book about friendship and the courage to overcome our own fears through relationships with those we love.

ALICE E Cuore

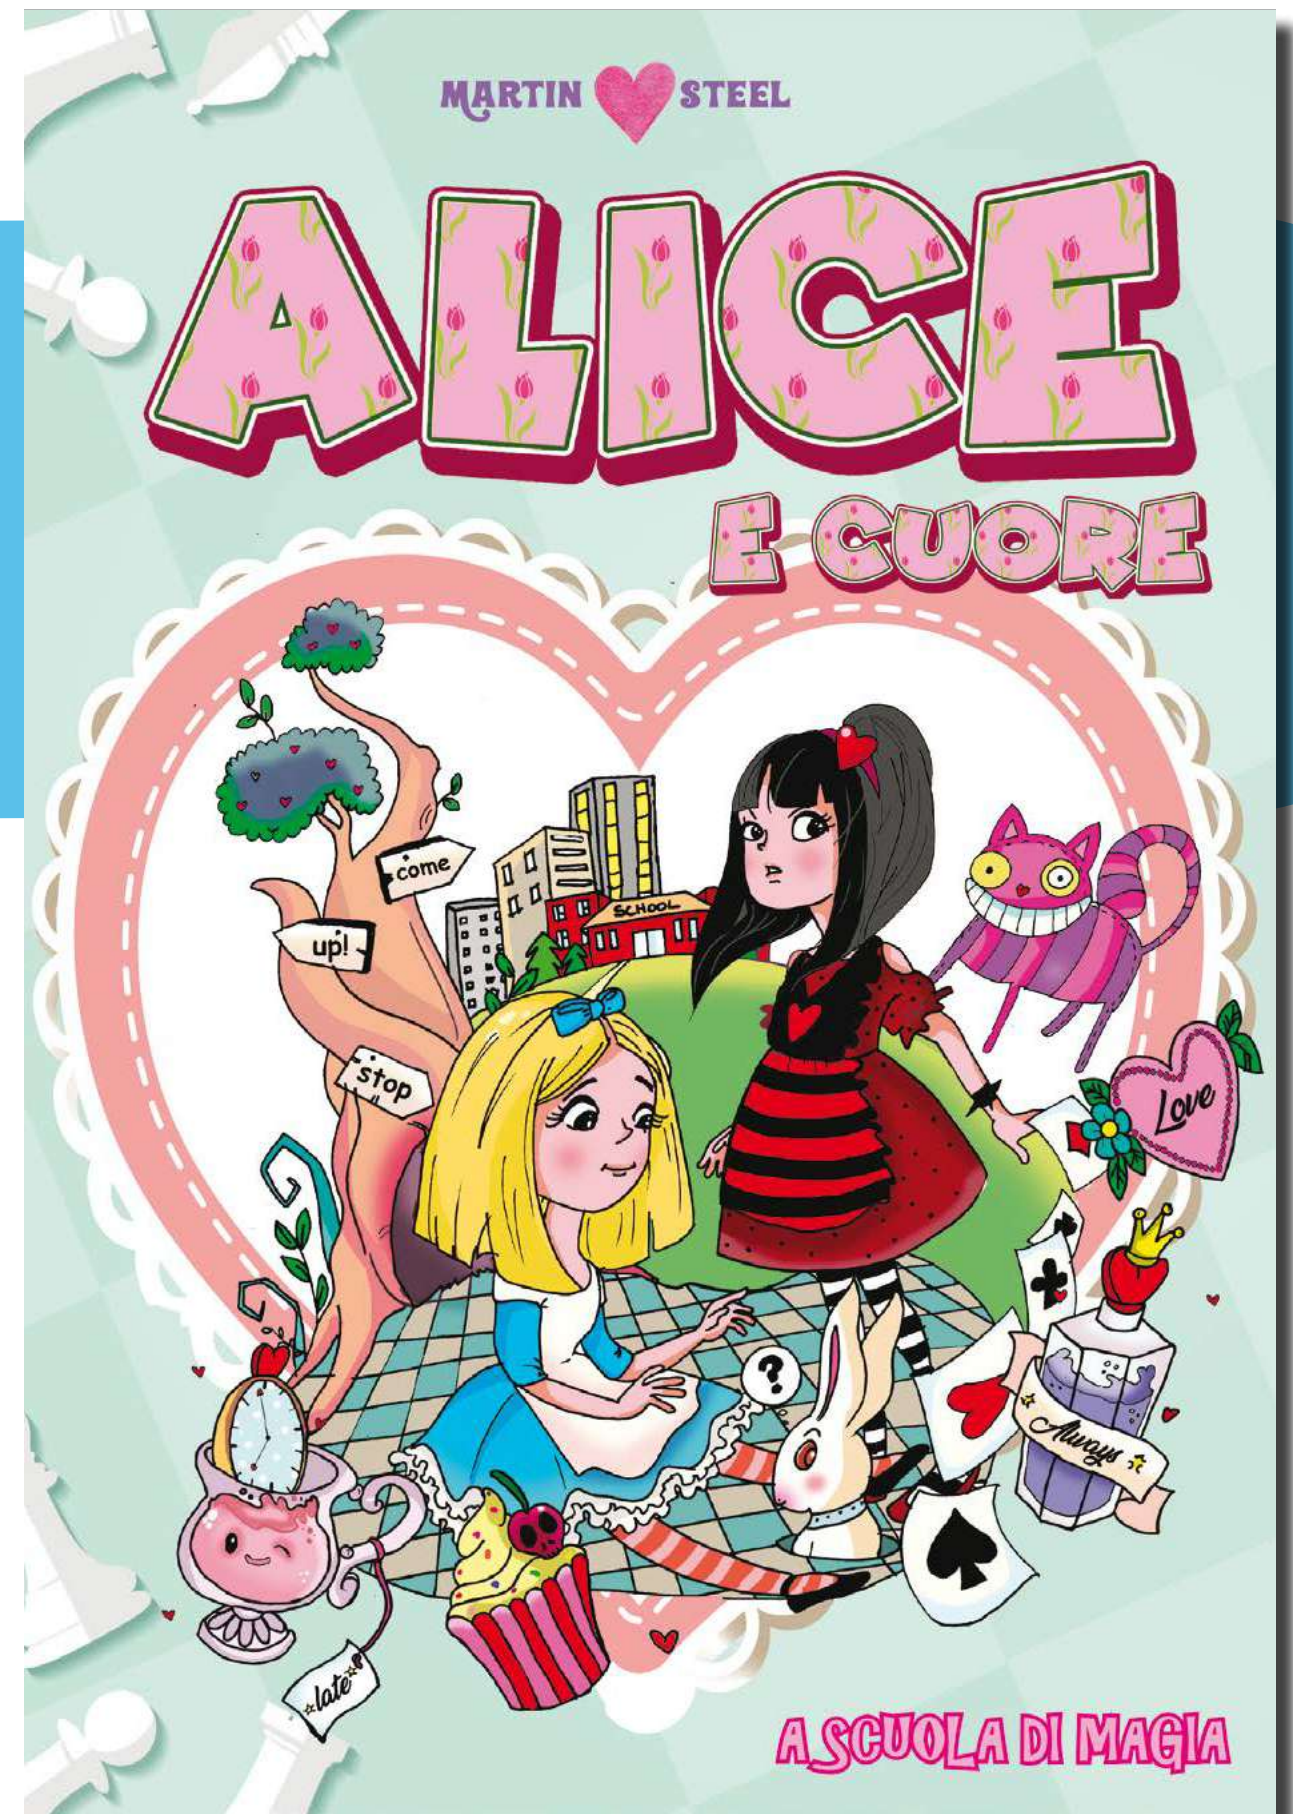

Alice and Heart are two students who attend a special school called Carroll, where they are taught strange subjects like disfigurement, joy, empathy, and pinching. Heart is a rich, insolent bully. Alice, instead, is a curiously logical, and sometimes pedantic, girl. The two protagonists have nothing in common, so how could two girls from different social classes become friends and respect each other? A novel about friendship, bullying, redemption and school relations.

An imaginative story about friendship, and overcoming social differences

REB. 2

ALICE & HEART is inspired by the characters in "Alice in Wonderland" by Lewis Carroll. Written by Martin Steel and presented by Philip Osbourne, the novel maintains the general structure of Carroll's masterpiece. The story, set in the present day, brings Alice and the Queen of Hearts in our times in an ironic and crazy way.

Andy Warhol, Keith Haring, Frida Kahlo, Pablo Picasso, Van Gogh and Salvador Dalí are the stars of the first six volumes

Andy Warhol, Keith Haring, Frida Kahlo, Pablo Picasso, Van Gogh and Salvador Dalí are the stars of the first six volumes of the FUN FACTS series. The lives of the greatest artists from the past are recreated in a fun yet educational tone. For each individual artist, attention to the study of history and the care taken in rewriting of the language used by

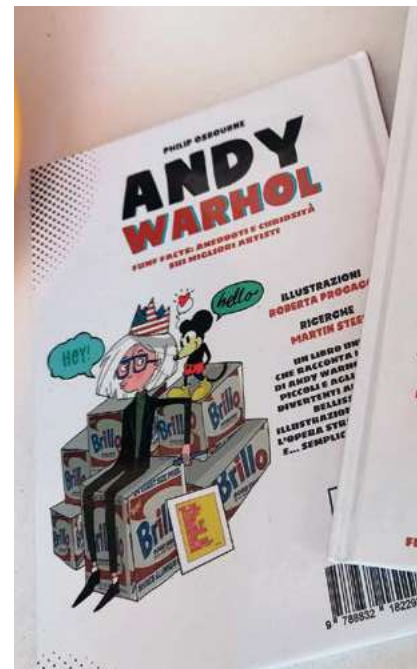

the artists themselves gives life to an interesting, captivating and educational story. FUN FACTS are 6 unofficial novels about the lives of the greatest artists in the world's history. They carry out an "educational" function, but always maintain a funny and curious tone. The stories are written in first person to create a direct dialogue between the art-

ist and the reader. Fun events and history are mixed with Pop Facts, which are little-known curiosities about the lives of the main characters.

THE BOOKS HAVE AN EYE-POPPING, YET SIMPLE DESIGN, AN IMPACTFUL LAYOUT AND ARE FULL OF ILLUSTRATIONS THAT EVOKE THE ARTISTIC ATMOSPHERES OF THE VARIOUS MAIN CHARACTERS.

"They always say time changes things, but you actually have to change them yourself."

"Don't pay any attention to what they write about you. Just measure it in inches."

"People should fall in love with their eyes closed."

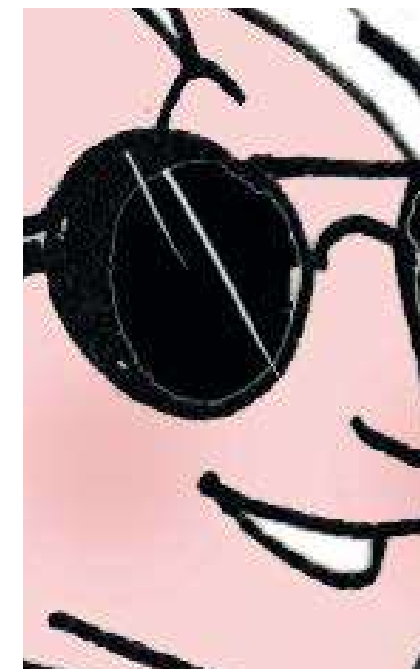

"Pop art is for everyone"

"When people are ready to, they change. They never do it before then, and sometimes they die before they get around to it. You can't make them change if they don't want to, just like when they do want to, you can't stop them."

"Art is what you can get away with."

"The idea of waiting for something makes it more exciting"

"Don't think about making art, just get it done. Let everyone else decide if it's good or bad, whether they love it or hate it. While they are deciding, make even more art."

Andy Warhol

"Every song has a memory; every song has the ability to make or break your heart, shut down the heart, and open the eyes. But I'm afraid if you look at a thing long enough; it loses all of its meaning"

AN INNOVATIVE URBAN FANTASY

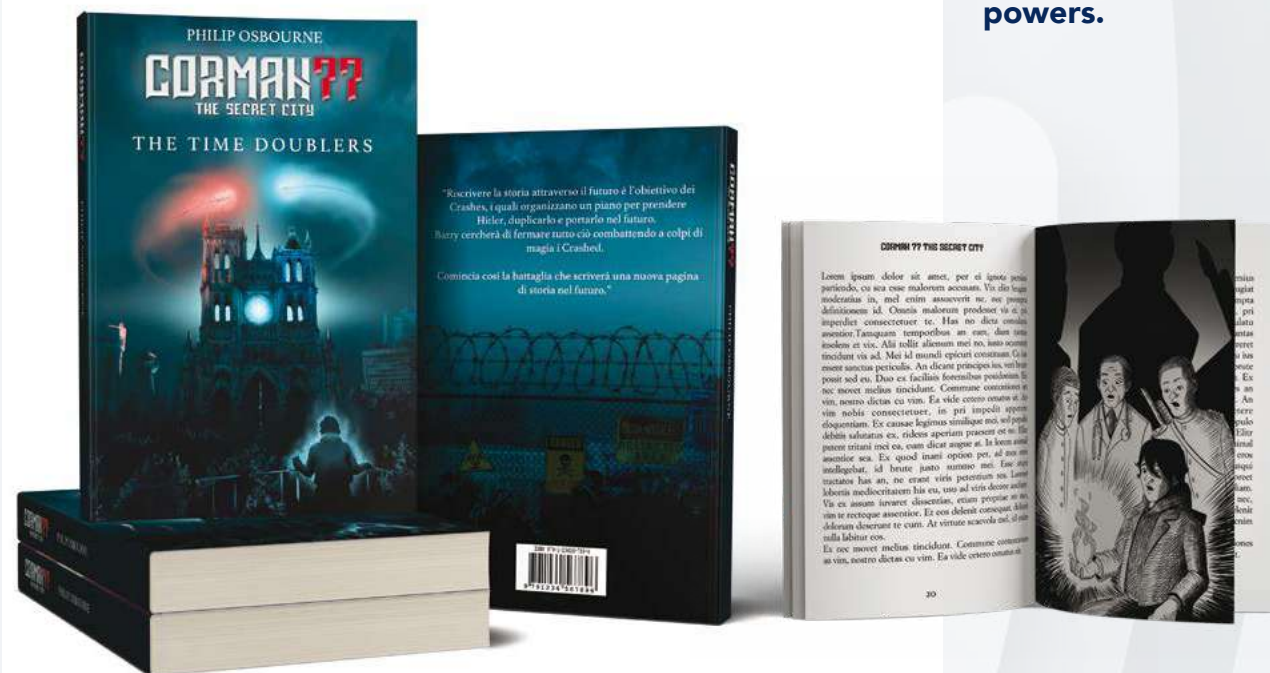

A NEW **YOUNG ADULT** NOVEL BY THE AUTHOR OF **THE BESTSELLING "DIARY OF A NERD"** AND **"ELLEN"**

There are invisible cities, known as hidden cities. They're real, but concealed. You won't find them on Google Maps, but they exist. Our governments built them to design horrible atomic bombs, weapons and even – some

theorists think. But the truth is that they are simply secret cities. And the world knows nothing or little about them. One of these invisible cities, hidden even to satellites, is Corman 77. Built far from prying eyes in the middle

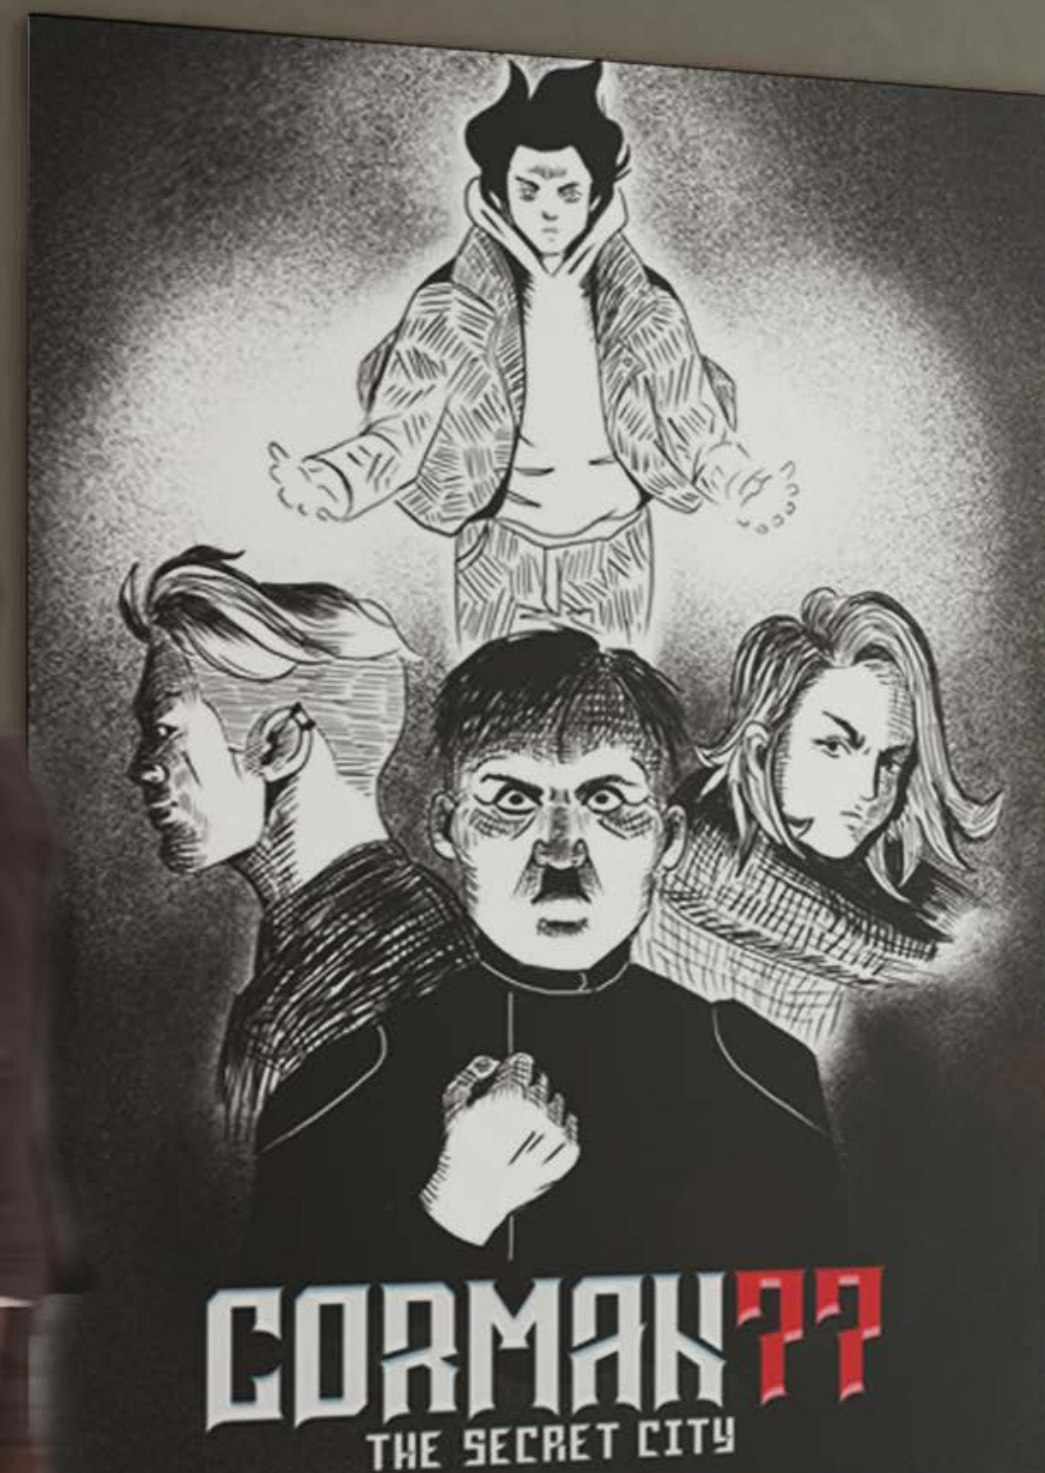

soldiers protecting it. But who lives in this city? Undoubtedly an order of scientists chosen by the government to create the Sacred in the lab: young boys and girls who can protect the cathedral from any attack thanks to their magical powers.

THE SECRET CITY

THE STORY

In the Sacred Ten group, Barry is the chosen one, but he has not passed the exam and therefore still lives in the city. When the Sacred Ten are attacked and destroyed by the Crashes, Barry understands his mission, goes back in time to stop the Crashes from stealing Hitler for their evil plan. With magic blows and an epic battle, he fights against the Crashes. Thus begins the battle that will write a new page of history.

CORMAN 77

Corman 77 was founded by the government to protect the Gale Cathedral of Time, which resides in the center of the town. From it people can move back and forth between different time periods. In Corman 77, there lives an order of scientists selected by the government with the purpose of creating The Sacred Ten in the laboratory—a group of children who protect the Gale Cathedral with their magic from potential attacks or danger.

ARMANDO CURCIO INSTITUTE

The Armando Curcio Institute was established in December 2014 thanks to the happy intuition of Cristina Siciliano, Vice President of the Editorial Group Armando Curcio Spa. It was created to develop and promote excellence in the area of Higher Education. The project stands out for its original didactic offer, for its breadth and depth, and is provided by university professors and by top national and international experts who are recognized in their professional field. The educational plan is aimed at an audience of graduates and university students with the goal of structuring both their personal and professional development and their own effective and lasting position in the labor market; to graduates, managers, professionals and entrepreneurs in order to perfect or integrate their professional paths and objectives.

Armando Curcio & Almond Project Partnership

The Italian publishing house Armando Curcio Editore and the Armando Curcio Institute have a partnership with the Almond Project for the iconographic share of the novel *Corman 77*, written by Philip Osbourne. A unique project that involves training professionals in the world of illustration & graphics, to be inserted directly in an international setting. The Armando Curcio Institute, with Mauro Ortolani for the artistic direction, has created the cover, logo and internal illustrations of "*Corman 77*". "We all need opportunities and to exchange ideas and visions. This project satisfies everyone, the writer, who illustrates and the trainers. Certainly it is a good way to create works with a diverse group of artists, sometimes far from my way of imagining and visualizing. The artistic direction of Mauro Ortolani and the freshness of the young students will give the project a special soul, and that is what every author is looking for," concluded Philip Osbourne.

Il libro fonde i temi fantasy tradizionali con uno dei misteri più intriganti della letteratura europea: la scomparsa del grande Edgar Allan Poe, nell'autunno del 1849, spentosi in un ospedale di Baltimora per cause mai chiarite. È proprio a Baltimora che vive Vincent, il protagonista della storia, "il blogger degli incubi" seguito da migliaia di teenager nel mondo, ma anche profondamente legato allo scrittore più visionario di tutti i tempi, che possiede, suo malgrado, il dono di percepire involontariamente e rivivere alcuni momenti decisivi dell'esistenza di Edgar Allan. Per il giovane scrittore è arrivato il momento di conoscere il nuovo Reynolds? Chi è veramente l'uomo che Poe invocava prima di morire?

Philip Osbourne è uno degli scrittori per kids e young adult più in crescita nell'ambito letterario internazionale. I numeri raccontano chiaramente la forza della sua escalation. Il suo "Diary of a Nerd" è un bestseller venduto in 39 nazioni e presto diventerà una serie tv e perfino un cartoon. Di recente l'autore è stato selezionato da Animasia, uno dei producer di cartoon più importanti a livello mondiale, per l'adattamento letterario di alcuni tv show di successo distribuiti da Netflix, come "Harry & Bunnie". Continua anche il successo letterario dell'autore definito dalla stampa internazionale "il re del pop per ragazzi", come dimostrano le vendite dei diritti letterari di "Elen" in circa 30 nazioni.
