Praise:

"In a community of animal friends, personal items are going missing. . . Realistic acrylic paintings in deep hues with textured brushstrokes to elicit the furry/fluffy coats and whiskers of the animals provide clues throughout. . . The easily read text, conveyed mostly in dialogue and playfully incorporating the occasional rhyme, brings the mystery to a close . . . An intriguing whodunit couched in a simple story of friendship and indulgence."—*Kirkus Reviews* on *The Missing Pairs*

"The art's autumnal cast is winning: the leaves float slowly off the trees, the cast wears bright woolly scarves, and from the looks of the icy blue sky and waving grasses, the forecast is windy with a nip in the air. It practically demands a reading with a side of hot chocolate." —*Publishers Weekly* on *The Missing Pairs*

"The accessible text interspersing rhyme and playful formatting makes for a lively read-aloud and, together with the artwork, offers a cheery picture-book mystery that will delight many kids." —*Booklist* on *The Missing Pairs*

MIDDLE GRADE

KWAME CRASHES THE UNDERWORLD

By Craig Kofi Farmer

Winner of the John Steptoe New Talent Author Award

A Kirkus Reviews Best Book of the Year

A Chicago Public Library Best Book of the Year

An Evanston Public Library Great Book for Kids

TRISTAN STRONG meets Guillermo del Toro's **THE BOOK OF LIFE** in Craig Kofi Farmer's stunning middle grade fantasy about a boy hurled into the Ghanaian underworld to help his late grandmother save humanity.

Twelve-year-old Kwame Powell refuses to acknowledge any feelings about his grandmother's passing. And he certainly doesn't want to accompany his parents to her celebration of life ceremony in Ghana, where he knows he'll have to face his feelings about her death head-on.

But when an aboatia – a mischievous monkey from Akan mythology – steals Kwame's grandmother's dashiki, his last physical reminder of her, Kwame decides to take matters into his own hands. He chases the little thief across town, to the edge of the pier, and...into a magical whirlpool that leads straight to Asamando, the Ghanaian underworld.

With his best friend Autumn, and the crafty aboatia he names Woo, Kwame finds himself embroiled with angry nature gods intent on destroying humanity. And, matters only get more complicated when he runs into none other than his grandmother herself...except in the underworld, she's still a kid. And very much alive.

Adventurous and memorable, Craig Kofi Farmer's middle grade fantasy is an immersive and powerful debut that tackles themes of identity, intergenerational connectedness, and how to say goodbye with heart, humor, and an epic dose of magic.

Praise:

"An epic of even more epic proportions . . . readers will cry and laugh with and love!"—Jamar J. Perry, author of *Cameron Battle and the Hidden Kingdoms*

NEW KIDS AND UNDERDOGS

By Margaret Finnegan

A Junior Library Guild Selection!

USA Today Bestselling Author of *We Could Be Heroes!*

Robyn Kellen has been the new kid six times. She's practically an expert on the subject and has developed foolproof rules to help her get by: Blend in, don't go looking for trouble, and move on. Unfortunately, Robyn's mom has a rule, too: Robyn must do an after-school activity.

When Robyn discovers a dog agility class, she thinks she's found the perfect thing—but then her dogs, Sundae and Fudge, are rejected from the class. Sundae won't do anything without Fudge, and Fudge is deaf and blind, and the instructor refuses to change the rules to fit their needs. Luckily, the instructor's grandson, Nestor—a legend at Robyn's new school—offers Robyn a deal: If she helps him with math, he'll train Sundae and Fudge. Problem is, Robyn isn't so great at math herself, so she's forced to recruit the class outcast, Alejandra, to help.

Suddenly, Robyn finds herself surrounded by people who do anything but blend in—and sticking to her rules becomes harder than ever. But as Robyn learns how to adapt the rules of agility for Sundae and Fudge, she will find that some rules are worth breaking altogether.

Praise:

"In this well-paced work that relatably unpacks core aspects of middle school life, Robyn realizes as her rules backfire that as much as she wants others to know her whole story, she needs to be open to learning theirs as well . . . A thoughtful story about learning to look beneath the surface and be a better friend." – *Kirkus Reviews*

"With plenty of support, Robyn learns in her own time how her rules might be limiting her, making final realizations both hard-won and satisfying in this assured, dynamic-aware novel from Finnegan." – *Publishers Weekly*

THE LAST RHEE WITCH

By Jenna Lee-Yun

For fans of *The Last Fallen Star*, *Witchlings*, and *Ghost Squad*, a heartfelt middle grade debut where Korean folklore is all too real and summer camp includes a gwishin haunting.

You couldn't hold onto everything and everyone. You had to choose. And Ronnie only had two hands.

Since her mother died when she was five years old, it's always just been Ronnie Miller and her dad. Two Korean Americans who, thanks to Ronnie's dad's adoption by white parents, have never felt all that Korean. But Ronnie is okay with that—as long as she has her dad and her best friend Jack, Ronnie is 99% certain she can get through anything.

But as much as she wants everything to stay the same, the world—and her dad—has other plans. Now, Ronnie and Jack are headed away to sleepaway camp for the first time ever. Camp Foster promises all of the outdoorsy activities that Ronnie has so far managed to avoid: ropes courses, scavenger hunts, kayaking on the lake. Ugh. But she can do this. As long as she has Jack.

As it turns out, an old manor in the woods is the kind of place that's crawling with secrets. Secrets like a mysterious gwishin haunting the grounds, a blood-red scarf wrapped too tightly around her ghostly neck. And a witch-hunting dokkaebi intent on finding and silencing the last Rhee witch. And the strange habit all the counselors have of rhyming when they speak . . . just like Ronnie has begun to do lately.

For a girl who wants everything to stay the same, nothing is scarier than all the changes Camp Foster brings. New friends. New foes. Souls with unfinished business. And, possibly worst of all, revelations that disprove everything Ronnie knew to be true.

Praise:

"[A] deftly crafted, page-turning narrative . . . Rich in Korean mythology and suspense; will keep readers guessing."

KID-VENTORS

By Kailei Pew

What do swim fins, Popsicles®, Infection-Detecting Stitches, the Braille alphabet, and Taco vs. Burrito all have in common? They were all invented by kids!

THIS RAVENOUS FATE

By Hayley Dennings

INSTANT NEW YORK TIMES AND INDIE BESTSELLER

The first book in a decadent fantasy duology set in Jazz Age Harlem, where at night the dance halls come to life--and death waits in the dark.

It's 1926 and reapers, the once-human vampires with a terrifying affliction, are on the rise in New York. But the Saint family's thriving reaper-hunting enterprise holds reign over the city, giving them more power than even the organized criminals who run the nightclubs. Eighteen year-old Elise Saint, home after five years in Paris, is the reluctant heir to the empire. Only one thing weighs heavier on Elise's mind than her family obligations: the knowledge that the Harlem reapers want her dead.

Layla Quinn is a young reaper haunted by her past. Though reapers have existed in America for three centuries, created by New World atrocities and cruel experiments, Layla became one just five years ago. The night she was turned, she lost her parents, the protection of the Saints, and her humanity, and she'll never forget how Elise Saint betrayed her.

But some reapers are inexplicably turning part human again, leaving a wake of mysterious and brutal killings. When Layla is framed for one of these attacks, the Saint patriarch offers her a deal she can't refuse: to work with Elise to investigate how these murders might be linked to shocking rumors of a reaper cure. Once close friends, now bitter enemies, Elise and Layla explore the city's underworld, confronting their intense feelings for one another and uncovering the sinister truths about a growing threat to reapers and humans alike.

However, if an assassination attempt fails or the professor is alive at the end of the year, the students' lives are forfeit.

And dealing with the professor, a devil summoned solely to kill or be killed, is no easy task.

Fabian isn't worried, though. He trusts his best friends—soft-hearted math genius Credence and absentminded but insightful Euphemia—to help. After all, that's why he befriended them.

As the months pass and their professor remains impossibly alive, the trio must use every asset they have to survive. Or else failure will be on their academic records, and their tombstones, forever.

DANIEL, DECONSTRUCTED

By James Ramos

A nerdy high schooler learns to embrace his main-character energy in this witty and heart-healing ode to movie tropes, meet-cutes, and LGBTQ+ love.

Photographer and film buff Daniel Sanchez learned a long time ago that the only way to get by in an allistic world is to mask his autism and follow the script. Which means he knows that boisterous, buff, and beautiful soccer superstars like his best friend, Mona Sinclair, shouldn't be wasting time hanging out with introverts who prefer being *behind* the camera.

So when Daniel meets a new classmate, Gabe Mendes, who is tall, mysterious, nonbinary, and—somehow—as cool as Mona, Daniel knows exactly how this is going to play out. Mona and Gabe will meet cute, win their nominations for Homecoming Court, and ride off into the sunset together. Daniel just needs to do a little behind-the-scenes directing.

But matchmaking means stepping into the mystifying and illogical world of love, dating, and relationships, where nothing is as it seems and no one knows their lines. And when Daniel finds *himself* playing a starring role in this romance, he'll question everything he thought he knew about himself and his place in the world.

THE LAST SOLDIER OF NAVA

By Yejin Suh

In this Korean mythology inspired sapphic fantasy, a young woman with shadow magic is awakened after a thousand years to heal her nation and her own troubled memory, even as she falls for the sister of a saint she killed in her past life.

According to legend, the Soldier drowned entire kingdoms in darkness.

Yet, the Soldier was only a girl, robbed of her will and raised as a weapon for her power-hungry father. When she awakens years later, freedom takes the form of a hidden life and a new name: Shadow.

As war brews and magical dead zones devour the natural world, Shadow is captured and pulled back into court life by her immortal father's new prodigy, Scarlet, a diabolical woman obsessed with her sister's murder. A murder Shadow herself committed in a past life.

Shadow's control over darkness holds the key to restoring the balance of their world, but a serpentine court hides greed, corruption, and her father's new plot to resurrect his fading magic.

If she's to survive and save her nation, Shadow will have to hide her past and rely on the woman who captured her—even as they unwind the legends that brought them together and face their growing attraction.
