GOODBYE, MR. SPALDING

It's 1934 in Philadelphia and the hometown A's are slumping as hard as the national economy. But Jimmy Frank won't give up on his beloved A's, even when the ballpark owners announce that they're building up the wall in right field – which will block the residents of 20th Street from selling tickets to their rooftop bleacher seats.

Working from their own personal book of rules, Jimmy and his best friend Lola try scheme after scheme to stop the “Spite Fence” from being built. But when everything from burying a fish in right field for good luck to forging a note to stop the A's lawyer from attending a vital court date fail, Jimmy starts to look to the infamous Polinski boys for help. A quartet of ne'er-do-wells who've bullied both Jimmy and Lola in the past, Lola wants nothing to do with them or their latest plans.

As Jimmy's ideas stray further from Jimmy and Lola's book of rules and veer into the illegal, he stands to lose not only his favorite pastime – but also his lifelong best friend.

GOODBYE, MR. SPALDING is an historical fiction middle grade about the power of friendship and forgiveness, set against the backdrop of baseball's Golden Era, the Great Depression, and the construction of the Spite Fence at Shibe Park.

PRIDE AND PEPPER JUICE

It is a truth universally acknowledged that a girl living in Pemberly will be in want of some of Darcy's family's famed condiment - Pepper Juice.

Unless that girl is Lizzie.

It's the annual Pepper Juice competition and Lizzie is not excited to make a pepper juice concoction of her own. She's even less thrilled when the competition turns into pairs and she's matched with Darcy – whose pride has rendered Lizzie's overtures of friendship useless. But when an unforeseen blender explosion causes Lizzie to actually taste pepper juice – will the upending of his pride and her prejudice finally lead them to a real friendship of their own?

Featuring some of the most beloved (and reviled) characters in Jane Austen's original, PRIDE AND PEPPER JUICE is a fun – and delicious – retelling of Austen's classic tale.

STORY MAGIC

Girls aren't allowed to practice story magic. Twelve-year-old Kivia A'Dor knows this, but it doesn't keep her older brother Hoz from teaching her how to sense the magical being called listeners. Listeners grant power to the stories they are told. Stories with commands like "make the bread rise", or "row this boat".

Although Kivia worries about the supposed bad luck of a girl practicing magic, she tries a little to impress Hoz, and little bit more when she is almost robbed. Kivia

enjoys telling stories, but she worries it really is bad luck for girls to practice magic. Her fears are confirmed when Hoz fails to return home one day. Convinced it is her fault, Kivia embarks on a quest to rescue him from a prison in Prima, the faraway capital city.

As she journeys to Prima, and the truth about her brother and the listeners unravels, Kivia must decide whether to blindly trust the rules of her world, or summon the courage to what is right for the sake of the listeners and herself.

Laurel Gale is the author of *Dead Boy* and *Monster, Human, Other*, two middle grade novels published by Crown Books for Young Readers. She lives in Vancouver, Washington.

ONE HUG

Some hugs comfort. Some hugs stick. Some hugs find us; some we pick. This lyrical text follows the different hugs that fill a child's day, from a wake up hug for the dog, to a "hello" hug for a neighbor, as the family prepares to welcome immigrant relatives.

ONE HUG is an #ownvoices word picture book that celebrates how hugs bring us together for different reasons, and how the hugs we choose become the family we choose. The text is upbeat, yet tender, in the

vein of Deborah Underwood's *The Quiet Book* and Liz Garton Scanlon's *All the World*, that leads the reader to an anticipated heart-happy ending.

RA-RA DRAGON

RAA RAA DRAGON, tuck in for the night. No, sir, no, sir, I'll take flight! So begins little Dragon's adventurous quest to avoid Knight's call to bed. This humorous picture book is a roaring reimagining of the traditional lullaby, "Baa, Baa, Black Sheep," that offers a fresh peek into the playful yet exasperating familiar night-time duel between parent and child. It's a catchy, clever romp in the vein of Jeff Mack's *Hush Little Polar Bear* for fans of *Monster Go Night Night* and *Dragon Was Terrible*.

WHEN YOU ARE YOU

"I'm a rabbit, small, but proud. You're a lion, roaring loud." WHEN YOU ARE YOU is an ode to opposites, individuality, and friendship. Simple words are powerfully woven together for the earliest readers, in the poetic vein of *THE WONDERFUL THINGS YOU WILL BE* meets *WHY AM I ME?*

DAISY AND GRANDPA GRUMPS

Daisy has big plans for her week with Ye-Ye, the Chinese grandfather she's meeting for the first time. They are going to have so much fun! But it turns out Ye-Ye is not quite what Daisy expected. All he says is, "Humph" and is a lot less jolly than the other grandfathers Daisy knows. With a little creativity and a lot of smiles, Daisy and her grumpy grandpa soon learn to communicate in other ways.

DAISY AND GRANDPA GRUMPS is a humorous and heartfelt own-voice picture book about the ways we can connect across cultures and generations. Written in the vein of Ryan Higgin's *Mother Bruce* meets Jean Reagan's *How to Babysit a Grandpa*, it is the first in a planned series around Daisy and her multi-cultural family.

CROW FLIGHT

Felix Gartner has been training crows since he was a child. Gin Heartson is a talented computer modeler who creates order and predictability out of chaos, and she has programs for everything: what to wear, what to eat, what to do and when. She knows logic and lives by it. But 'attractive boy' + 'outrageously wealthy family' + 'popularity' does not equal 'hangs out with crows in his free time.' Felix Gartner is an anomaly.

When the two are thrust together in an advanced computer simulation class, Felix brings the same whimsy to modeling that he embraces with his crows, and it is precisely their different worldviews that make him and Gin such a strong team. Despite her hesitance, Gin finds herself charmed by Felix and fascinated with the crows, and the two decide that a final project on crow flocking patterns is just what they need to earn an A—and get Gin into Harvard.

When Felix is suddenly, inexplicably pulled out of school and cuts off all communication, Gin is forced to turn to her models not to create a coded life, but to tap into a Gartner family secret that invites chaos. Struggling to find an answer to Felix's disappearance, she turns to the crows and learns far more than she ever wanted. To understand what's happening, she needs to learn to trust her gut, not just her logic, and hope what she uncovers doesn't destroy her carefully-planned future.

PROJECT A.I.D.E.N

PROJECT A.I.D.E.N. by Lindsey Frydman (YA)

Aiden is AIR's greatest creation—ninety percent machine, ten percent human. Sure, he's been officially “alive” for just a year, but to those who didn't witness his development, he's an average eighteen-year-old. That is, if you ignore his beyond-average intelligence, perfect memory, and impending death sentence. For the first time in his life, Aiden is on his own.

Soon after breaking out, he runs into Eva.

Technically, she runs into him...with her car. Using a weekend getaway as a ploy to hide Aiden, they have two days to figure out how to save his life. As the timer counts down, Aiden glimpses what it's like to be human—what it's like to be free. Eva's the first girl he's met, and she treats him as something more than a machine. When her hand is in his, he feels like he is more.

Suddenly, dying doesn't just mean the end of a lonely life filled with tests, security cameras, and steel walls. Now it means losing the girl who's shown him compassion, affection, and maybe even love. With AIR hunting him, Aiden is faced with a choice: stay with Eva, making her an accomplice to a federal crime, or let her go and give up everything that makes his life worth living.

TRAPDOOR MESSIAH

Third-generation hangman Sycamore “Sick” Lymm would kill for a job where he doesn’t have to kill. After his father’s untimely death, Sick took over at the ripe old age of 23—practically a hang-kid. Now, four years later, Sick is fed up with climbing the scaffold and pulling that lever every week. The only thing holding him back: Sick is unevolved. Unlike most people, he can’t summon the Current, a source of energy that powers everything from the transportation system to advances in medicine. Without the ability to tap into

this power, Sick’s options are limited.

Before he can worry about it, though, the unthinkable happens: convicted murderer Bayus Janssen escapes—twenty minutes after Sick hangs him. As the flabbergasted authorities scramble around like mice on a millstone, Sick is left blaming himself. Walking away from his legacy is one thing; leaving it in shambles is another.

But Janssen is no ordinary killer. The Current has infected him somehow, leaving him with deadly powers—and a singular mission. Sick has no idea how important it is that he catch this madman. All he knows is that the scaffold’s looking better every day.

And if he isn’t careful, that’s exactly where he’ll end up.

TRAPDOOR MESSIAH is the first in a planned trilogy called THE COPPERHEART CHORUS. With the dark humor of Preacher and its character-driven narrative, TRAPDOOR MESSIAH will appeal to readers who enjoy books by Cherie Priest and Stephen Hunt, as well as television shows like The Adventures of Brisco County Jr and Firefly.

THE PHRENOLOGIST

San Francisco, 1901: Hypochondriac and failed PhD candidate Arminius Mensch has created the perfect reclusive life, hiding away at his job in a local museum. But when the body of a girl turns up in the pathology room, all signs point to its lackluster employee, Mensch, who soon finds himself out of a job and wanted for questioning by the police.

Detective Tom Hobbes may be the only one who can save Mensch from prison and total nervous collapse.

He doesn't know how the girl got there, but he's going to take the time to find out. Without any help from his fellow cops, who actively thwart him due to his mixed-race heritage, Hobbes is forced to turn to the most unlikely candidate for help, Mensch himself. The two improbable partners join forces, and hold on for dear life as the case takes them on a picaresque adventure through the multi-layered past of San Francisco at the turn of the century.

With its explorations of race and America's place and purpose in the world, THE PHRENOLOGIST draws strong parallels between the early nineteenth century and today. The book will appeal to readers of upmarket historical and literary fiction who enjoy books by authors such as Christopher Buckley, T.C. Boyle, and Donald Ray Pollock.

Peter Mann has a Ph.D. in History from Stanford University, where he currently teaches in a humanities program for college freshmen. Mann is also an artist who has exhibited in galleries in the San Francisco area, and would be happy to provide illustrations for this novel should a publisher be interested in that approach. Sample illustrations for style can be provided along with the completed manuscript.

James Markert

THE STRANGE CASE OF ISAAC CRAWLEY

A Victorian-era thriller inspired by the real-life hysteria caused by the premiere performance of “Dr. Jekyll and Mr. Hyde” at London’s Lyceum in 1888, which coincided with the start of the Jack the Ripper murders. Many Londoners believed that the horror portrayed on stage inspired the Ripper, and, because of his convincing portrayal, the lead actor was an early suspect. The actual newspaper clippings inspired James to write a book picking up with the play’s return

to the States.

Isaac Crawley, an enigmatic philanthropist and dilettante, has yet to emotionally get over the fire that nearly killed him four years ago and left half his face scarred. Since then, he’s become morbidly fascinated with the “Dr. Jekyll and Mr. Hyde” play, following it like an addict from Boston to New York, to the Lyceum in London, and finally back home to Louisville. His closest friends and fellow ex-orphans, Darcy and Porter, fear his state of mind since the fire, and even more so since his return from London. Isaac was there during Jack the Ripper’s killing spree, and returned with an opium habit, a propensity for blackouts and noticeable changes in behavior. Now the local authorities think he may be Saucy Jack, himself.

Three downtown buildings have burned to the ground since Isaac’s return, and on the fourth night of the play, a body is found on the riverbank, butchered like the Ripper’s first victim. As more murder victims arise, the evidence seems stacked against Isaac, and he becomes less and less sure of his own mind. It becomes increasingly clear that Isaac Crawley has his own “Mr. Hyde”, but is his dark side really a ruthless killer – putting even Darcy and Porter’s lives at risk – or merely another victim of the true evil that’s terrorizing his city?

James Markert is the critically acclaimed author of ANGELS’ SHARE (Jan 2017) and ALL THINGS BRIGHT AND STRANGE (Jan 2018) with Thomas Nelson. While he continues to write historical redemptive fiction for them, ISAAC CRAWLEY marks his debut in the historical thriller market.

KINGFOLK

It is 1874 and Louisiana is at war with itself. Ex-slaves struggle to forge new lives, while the state's Democrats wage a bloody campaign against them. But BEAH RUND, a young girl with haunting memories, just wants to find the mother she lost after their daring escape from bondage almost a decade before. Beah enlists the help of another ex-slave, PROPHET MOON, an itinerant vision-seer who carries his own memories, along with the heavy weight of responsibility for telling others their future. Prophet Moon agrees to show

Beah the way to a river town community built by CLAUDE BANIAS as a haven for ex-slaves, where she believes she may find her mother. Claude's ties to prominent Republicans, however, put him, and the town, at risk, and the reunions awaiting both Beah and Prophet in Banias prove dangerous in ways they cannot foresee.

With its blend of myth, magic, and history, and its portrayal of a world that is at once believable and otherworldly, KINGFOLK (108k words) will appeal to readers who enjoy books like Jonathan Odell's *The Healing*, Tiphonie Yanique's *Land of Love and Drowning*, and Colson Whitehead's *The Underground Railroad*.

Jennifer Maritza McCauley is a PhD candidate in creative writing at the University of Missouri and was awarded a 2018 fellowship in creative writing by the National Endowment for the Arts. Doctor Mollie Vickers loves the tight-knit community of her tiny Oregon town. But she's not a fan of the limited dating options. Sleep with a guy who tried to copy off her in junior high? Pass. Mollie's sex life is flatlining... until a deliciously handsome man she's never seen

before stops to help her fix a flat tire.

As an ex-mobster, Rafe Maguire's no saint. But he's trying to turn over a new leaf. Although he probably shouldn't kiss the hot doctor on the side of the highway. Or suggest a no-strings fling with a woman he has no business pursuing. Rafe's life is too complicated for love—his new WITSEC-provided identity doesn't fit him at all and there's a U.S. Marshal watching his every move. He can't tell Mollie the truth... but their chemistry is scorching and being good doesn't mean he can't be a little bad.

Mollie can't resist the guy who looks rough, talks tough, and is loyal to the bone. But it's obvious Rafe is keeping secrets. When the truth comes out, Mollie must decide if she could ever love an ex-mobster... or if this bad boy has truly gone good.

Praise for BAD FOR HER:
