The Tarot Circle

By JEM MILTON, LEAH MOORE, IVY BERCES

Published June 2024

ISBN 978-1-912634-38-5 · Prices TBC · Hardback book 140 pages · All rights available

As the creaky door of the enchanting Ace of Cups Bookshop swings open, you'll find yourself transported into a mystical realm where tarot comes alive with boundless wonder.

Inside this hidden haven, Jay joins a circle of kindred spirits, each with their own unique connection to the mystical art of tarot. From the moment Jay steps foot into this mysterious gathering, a whirlwind of excitement and curiosity takes hold, as the ancient wisdom of tarot unfolds before her very eyes.

As she delves deeper into the heart of tarot, Jay unearths the secrets of its origin, tracing its roots back to the enigmatic sands of ancient Egypt and the nomadic fortune tellers of Roma. The Tarot Circle explores the mesmerising alchemical symbolism of Aleister Crowley's Thoth Deck, unearthing profound truths and unlocking hidden pathways of the soul.

But this is not merely a tale of history; *The Tarot Circle* shines a spotlight on the visionary works of female artists, such as Pamela Colman Smith, Penny Slinger, and Frieda Harris, whose artistic brilliance has adorned the most celebrated tarot decks.

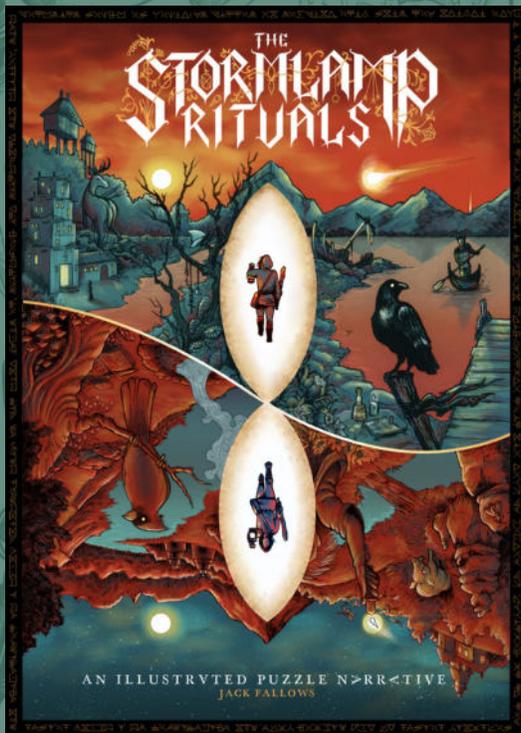

Prepare to lose yourself in the corridors of time as *The Tarot Circle* unravels the captivating tapestry of the tarot's

past. From the opulent courts of the Spanish tarot in the 16th century to the glamorous divinations favoured by the French aristocracy, and even the sensational Satanic panic that gripped the world in the 1980s - no era is left unexplored.

Are you ready to be captivated by the enigmatic allure of tarot's timeless wisdom? Let Leah Moore's masterful prose, accompanied by the alluring illustrations of Ivy Berces and Jem Milton, lead you on an extraordinary adventure that will leave you yearning for more!

Key Selling Points

- Tarot, witchcraft and magic are exploding in popularity with Millennials and Gen Z.
- Leah Moore is a well-established writer with a wealth of experience in the world of comics. Her expertise shines through in *The Tarot Circle*, offering readers a fresh, inclusive and engaging perspective on tarot.
- From the same publishers as the best-selling *Modern Witch Tarot*, which has sold over 550,000 copies worldwide. This book offers the same high-quality design and production values, making it a must-have for any tarot enthusiast.

MUSHROOM

In BRITISH AND IRISH FOLKLORE, it has long been recorded that fairy rings mark the spot where the fair dance around and around in a circle, often by moonlight, and especially on May Eve and Halloween.

Fairy rings are, of course, and things they are naturally occurring circles of mushrooms. More than sixty species of mushrooms are known to grow in a circular, or semi-circular, fairy-ring pattern, including that champion champion of fairy tale and later *aromatic* mushroom a.k.a. fly agaric. In France, fairy rings are known as *roule de sorcier*, and in Germany as *Leucherringe*, both of which translate as "witches' rings".

Willfully destroying or breaking a fairy ring is thought to bring bad luck, which may plague the vandals until their dying day. In his book *The Popular Rhymes of Scotland* (1826), Robert Chambers recorded the following old Scottish verse:

He who dils the faerie's green
Nae luck again shall see:
And he who splits the faerie's ring
Bride-lane wae and woe,
For wadless days and weary nights
Gae till his faerie's day.
But he who goes by the faerie ring,
Nae dill nor pine shall see,
And he who dils the faerie's ring,
An aye death shall see.

Someone stepping into a fairy ring of mushrooms might be magically forced to dance with the fair, which may result in abduction, madness, or even death. A trespasser may be rendered invisible to those outside the fairy ring and forced to remain within until rescued. A year and a day is the common span of time reported in many folktales, tales which must elapse before someone can be freed from within a circle. Fairy rings may act as literal gateways to Faerie – the realm of the fair – where people can become trapped or lost. Time passes differently in Faerie, meaning that those who do find their way back to our own realm often find they have been away for hours, or in fact have been absent for years. In folklore, seeing faeries when they have not voluntarily chosen to be seen often comes as a hefty price. Being "away with the faeries" has come to mean being absent from reality in one way or another. On the whole, it seems that should one come across a fairy ring of mushrooms, the best course of action would be to leave it well alone.

¹ The idea that mistletoes would follow the destruction of plants associated with an otherworldly creature appears in multiple cultures. See also Hawthorne (pg. 10) and Keldare (pg. 70).

T H R E S H O L D

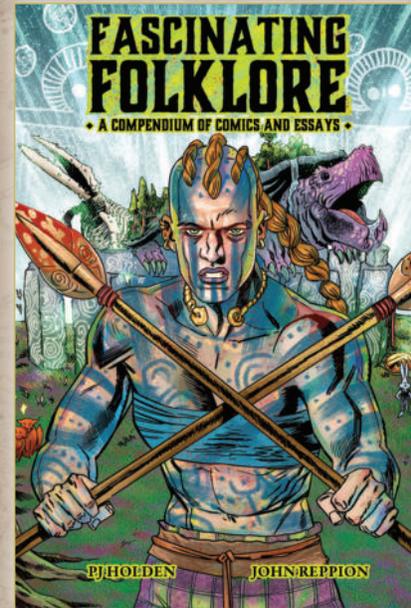

THE LATIN WORD *THRAS* MEANS "THRESH" in this sense that the words "thrash" and the most delicate. In purely physical terms, liminal spaces (doorways, hallways, airports, train stations) neither definitively nor positively of origin, but A and B. Simultaneously nowhere and some- and the summer and winter solstices, or the which the balance tips from light into darkness comes, liminal might be viewed as the liminal and adulthood. Liminal often often of mirrors, graduation, etc., all represent a type initiation across a threshold separating one period. In many mythologies, deities have presided standing guard over the point of transition between the two.

The Hindu Ganesha is a god of beginnings, thresholds, both literal and metaphorical. In two distinct forms in which he appears in Hindu literature. The Dvayam Ganesha – the G – is interpreted by Hindu scholars as Ganesha and other truths of themselves and of the Ganesha is simultaneously conscious of it and the immaterial and definite.

However, Janus was the ancient Roman god of beginnings and endings, and as attested by the writings of Ovid (4 BCE). Janus was often depicted with two faces upon his head and the other facing the future. Effigies of liminal deities like Ganesha and thresholds between past and present, their gateways, and the mouths of caves. These god mark both the literal and metaphorical Other (the between past and present, the the known and the unknown.

"Threshold" in the architectural sense often face situated on or above a doorway. The word Latin root as "threshold" and therefore evolved into a Neolithic function between often protocols, initiating or otherworldly function as the All-knowing of interest set elsewhere. Their purpose is to allow only welcome visitors from crossing the threshold.

WHITE NUMEN A SACRED ANIMAL TAROT

By ALBAGB

Published January 2021

Inspired by ancient rituals and stories of sacred animal spirits, White Numen: A Sacred Animal Tarot forms a path to human reconnection with our natural world.

Our ancestors knew how to tremble in the presence of that little abyss within the eyes of a beast. They knew how to recognize the bond with creatures radically different from themselves, whom they venerated, but at the same time whose death meant food, thus life.

This ancient conflict reveals the connection between the sacred and the sacrificial and how rituals of cyclic regeneration evolved.

Today, humans continue to feel conflicted by our sometimes-violent relationship to the natural world.

The images of Numen (sacred spirits) in this deck seek to symbolically close that wound – this is a new kind of ritual for healing and connecting and a chance to rebuild our bond with animals.

THE Seed & Sickle ORACLE DECK

By FEZ INKWRIGHT

Published November 2021

An oracle deck that centres on the cycle of sowing and harvest, exploring themes of productivity and rest.

The cycle of sowing and harvesting is one that we see reflected around us every day. There are times for growth, and there are times for rest. The Seed and Sickle Oracle deck is designed to encourage reflection on both.

Each card carries two meanings; one for when moving forward is essential and one to help cultivate your wellbeing. Whether you are sowing seeds for your next big project or harvesting rewards for a period of rest, The Seed and Sickle will accompany you on this journey.

Inspired by the cycles of Nature, this debut oracle deck

by Fez Inkwright digs deep into botanical folklore, which they so ideally explored in their critically acclaimed books Folk Magic and Healing and Botanical Curses and Poisons.

THE NEW CHAPTER TAROT

By KATHRYN BRIGGS

Published March 2021

The New Chapter Tarot is a story, a journey, a self portrait of change.

'When I began working on a version of The Wheel of Fortune, it was a way to process a very complicated set of feelings: I had recently come to the realization that my relationship was ending and my life was at an either/or moment. I was an immigrant. On a marriage visa. With no professional contacts in my home country. Was I prepared blow up my entire life? Would I risk what was known, for what could be?'

'It was possibly the hardest decision I've ever been faced with. So I arted through my feelings, one card at a time, as they arose and presented themselves to be dealt with . . . Each card of this deck was a meditation

in paint; a feeling arose and it became a card and was released.

'And 78 meditations later . . . a completed deck, a new life, a circle of Hope and Friendship and Love.'

THE LUNA SOL TAROT HEALING THROUGH TAROT GUIDEBOOK

By KAY MEDAGLIA & DARREN SHILL

Published October 2022

Relax and unwind with the healing powers of mindful coloring and reflective activities.

Featuring *The Luna Sol Tarot* artwork enhanced for your coloring experience, plus all-new illustrations inspired by the cards' symbolism, it is everything and much, much more than you would expect from a colouring book.

You'll also find an exploration of the spirituality of each card. This guidebook delves into the mythological archetypes and spiritual practices that each card applies to, from Norse legends to Taoism. From each card, you'll also find two reflections — questions that invite you to use

the card's themes in your own life — and an exercise that will put what you've learnt into practice. These exercises range from meditations to mind maps to visualisation techniques.

THE COSMIC SLUMBER TAROT

By TILLIE WALDEN

Published October 2020

"If the Universe were to sleep, where would Her dreams lead?"

Hand-painted and bursting with color, *The Cosmic Slumber Tarot* evokes imagery from subconscious and subliminal states. It's a tarot deck energised by a soulful warmth from award-winning comics sensation Tillie Walden.

Influenced by manga and the animations of Studio Ghibli, Tillie's fairy tale style translates to a tarot deck that is gentle yet whimsical, psychedelic yet grounded, palpable yet surreal.

In Walden's own words: 'It was made with the intention of letting the tarot trace a path through the long, dark night of sleep. Because, in dreams, I really believe we

walk the full spectrum of human experience. To me, dreams allow us to connect what does not fit together... because in consciousness we are limited by so much.'

SPIRITUS MUNDI WRITINGS BORNE FROM THE OCCULT

By **ELIZABETH KIM & VARIOUS AUTHORS**
Illustrated by **KAITLYNN COPITHORNE**

Published October 2022

A melting pot of knowledge and inspiration from countless renowned poets and writers!

When does creativity become spiritual? Spiritus Mundi aims to answer this question an enthralling anthology of prose and poetry, revealing the connection between imagination and the divine.

First coined by Agrippa and employed by the poet W. B. Yeats, the term "spiritus mundi" describes the realm from which all creative and magical inspiration springs. In this incredible anthology of creative writing, editor Elizabeth Sulis Kim — feature writer for The Guardian and The Los Angeles Review of Books and editor of Cuning Folk Magazine — unlocks this realm's mysteries through topical writing prompts. Each creative work explores occult techniques such as invocation, cartomancy, and scrying.

Including works by acclaimed authors such as Jen Campbell, Nikita Gill, and Pam Grossman, with original illustrations by Kaitlynn Copithorne, Spiritus Mundi is a treasure trove of incredible writing and profound inspiration.

THE BOOK OF MOONS & SEASONS

BY HANNAH McDONALD

Published Spring 2022

'Oh, keeper of time, mover of seas, what are you trying to tell me?'

For tens of thousands of years, the moon has been the centre of curiosity and mysterious energies, marking the passage of time, from month to month and year to year. It is the keeper of time and seasons, marking when to sow the seed and when to harvest, as well as marking key festivities across many cultures and religions.

Inspired by slow and seasonal living *The Book of Moons & Seasons* tells of the year's journey in comic form, from winter solstice, through the pagan calendar, back to the winter solstice. Exploring the ancient monthly names of the full moons as they pass, from Strawberry Moon to Buck Moon, from Corn Moon to Hunter's Moon and interspersed with a comic narrative of the seasons, *The Book of Moons & Seasons* is a deeply-magical journey that beautifully captures the energy of the year as it waxes and wanes.

FOLK MAGIC AND HEALING AN UNUSUAL HISTORY OF EVERYDAY PLANTS

BY FEZ INKWRIGHT

Published October 2019

A book of the folklore, history and healing properties of common plants.

Throughout history, plants have played a key and vital role to our existence. Whether as a foodstuff, medicine, building material, or religious aid, the way that we re-purpose and domesticate plants has shaped a core part of the development of human culture.

Hedgerows and wild-growing areas are a vital part of our countrysides and, through our codependency, have become ingrained in the myth and lore of humanity. Many of the old wives' tales about plants were created to spread knowledge of their medicinal and nutritional properties, and many have become entwined with stories of local spirits, deities, and more ancient legends.

Folk Magic and Healing is, ultimately, a collection of many of these beliefs, aiming to inspire a greater appreciation of our wild plants and countrysides. What will you learn about the plants around you?

THE SPIRIT OF JAPAN FESTIVALS, RITUALS & EVERYDAY MAGIC

WRITTEN BY SEAN MICHAEL WILSON
ILLUSTRATED BY FUMIO OBATA
Published June 2021

An introduction to the everyday magic found in Japanese rituals and spiritual practices.

Japan is sometimes called a 'non-religious' country, but this is only half-true... If we look closer, we find that 'magic' is very much a part of life in Japan!

Japan is alive with magical festivals, practices and rituals – from marking the liminal time of new year with the burning of last year's objects... to smiling at the rebirth of the sun and nature in spring festivals ... to respecting the dead ancestors via giving them offerings while chasing away demons.

Many of these cultural practices are seen as mundane or normal, but they each express something sublime and numinous. Japanese rituals perform a powerful role in helping people deal with nature, time, seasons, aging and death – bringing a bit of everyday magic into everyday lives.

The Spirit of Japan is an accessible introduction to Japanese spiritual practice.

THE GARDEN

WRITTEN BY SEAN MICHAEL WILSON
ILLUSTRATED BY FUMIO OBATA
Published May 2020

A beautiful story of healing and growth through mindfulness and gardening.

Joanna is a high-powered finance consultant who's been signed off work after having a nervous breakdown.

Seeking more than just something to pass the time, she travels to Kyoto, Japan, to immerse herself in the arts of zen gardening and meditation.

Returning home – and to the challenges of daily life – Joanna finds peace and a new sense of calm through nurturing her own garden – and her soul.

Quiet, contemplative, refreshing storytelling meets practical mindfulness training in this stunning graphic novel by award-winning creators Sean Michael Wilson and Fumio Obata. In a world where we are encouraged to push ourselves to our limits, The Garden reminds us to slow down, live in the present, and consider what's truly important in our lives.

ALL THE PLACES IN BETWEEN

BY JOHN CEI DOUGLAS
Published April 2021

A wordless graphic novel about 'coming back' from mental illness and trying to get back to the place where you think you should be.

Through mostly-wordless black-and-white illustration, John Cei Douglas empathetically shows the struggle to communicate how things feel when we get lost, and the wrenching loneliness that accompanies depression and other mental health struggles.

Split into two sections – All the Places We've Been and All the Places We're Going – this is a quietly beautiful meditation on the seemingly endless paths we take simply to get back to the place where we think we should be. All the Places is a comforting reminder that you're not alone on your journey.

All the Places is an exploration of spiritual growth uniquely told through the comics medium, created by John Cei Douglas, a finalist for the prestigious The Observer / Jonathan Cape / Comica Graphic Short Story Prize.

An illustrated positive affirmation for every day of the year! 365 Gentle Reminders is a beautiful book of illustrated 'gentle reminders' that are filled with warmth and positivity. With a message and drawing for every day of the year to remind you that You Are Enough, You Are Not Alone and Your Life Matters, these simple yet powerful works of art will wrap you in a positive embrace and help you find the strength you need to get through the day – whether you're on a recovery journey or simply seeking a more positive outlook on life.

From the artist behind the popular Gentle Reminders Instagram account, @littlearthlings – a recovery warrior who has firsthand experience of the power of positive affirmations for healing us even in our darkest moments.

THE ESSENTIAL VEGAN TOOLKIT

BY SARA BOTERO
Published July 2020

An illustrated primer on the 'whys' and 'hows' of a vegan lifestyle.

The Essential Vegan Toolkit is the perfect guide for anyone who's interested in veganism.

Activist and illustrator Sara Botero details the many reasons to make the change – animal welfare, our health, the environment – and offers tons of practical advice on nutrition and diet, including sections on alternatives, baking and drinking. Also covered are tips for vegan living, from clothing and make-up to cleaning and travelling. Finally, The Toolkit offers advice on vegan etiquette, activism and living in a 'non-vegan' world.

Writing with passion and expertise, and bringing a wealth of information to life through her charming illustrations, Sara Botero inspires us to extend our compassion to every living being.

It's easier than ever to try out a vegan lifestyle, so why not give it a go? Let The EVTK guide your way!

DIY VEGAN COOKING VISUAL RECIPE CARDS

BY MICHİ MATHİAS
Published Autumn 2021

Illustrated vegan recipes that are simple, easy-to-follow, healthy and delicious!

DIY Vegan Cooking is a collection of 50 illustrated vegan recipe ideas.

This is a different sort of cook book... It is in fact a collection of recipe cards. You won't find many precise measurements or specific instructions here. You will find a clear visual guide to making uncomplicated, good food from simple, real ingredients.

The recipe ideas in DIY Vegan Cooking are hand-drawn and almost wordless, so it's easy to see the whole cooking process at a glance. Perfect for visual thinkers who enjoy being creative and improvising in the kitchen!

Most of the recipes featured here can be concocted with minimal tools and know-how – perfect for cooks on a budget, tiny kitchens, students, and wannabe chefs who are in need of fresh, fun recipe ideas.
