Book Three in the Time Shift Trilogy

by Ryan Dalton

NEW!

Teenage twins Malcolm and Valentine Gilbert have defeated doomsday machines, ice monsters, and time-traveling supervillains. Yet their full potential remains out of reach. When an enemy invades from the future, he brands the twins as war criminals. Amidst a war between ages, the twins must uncover the real truth about themselves, their accuser, and the secrets that brought him to their town. At all costs, they must unlock their true power before the enemy breaks the timeline completely. If they fail, it could mean the end of Time itself.

**When a 200-year-old witch attacks her, sixteen-year-old bookworm Lainey Styles is determined to find a logical explanation.** Even with the impossible staring her in the face, Lainey refuses to believe it—until she finds a photograph linking the witch to her dead mother.

After consulting a psychic, Lainey discovers that she, like her mother, is a Keeper—a witch with the exclusive ability to unlock and wield the Grimoire, a dangerous but powerful spell book. But there's a problem. The Grimoire has been stolen by a malevolent warlock who is desperate for a spell locked inside it—a spell that would allow him to siphon away the world's magic.

With the help of her comic-book-loving best friend and an enigmatic but admittedly handsome street fighter, Lainey must leave her life of college prep and studying behind to prepare for the biggest test of all: stealing back the book.

# The Marvelous Adventures of GWENDOLYN GRAY

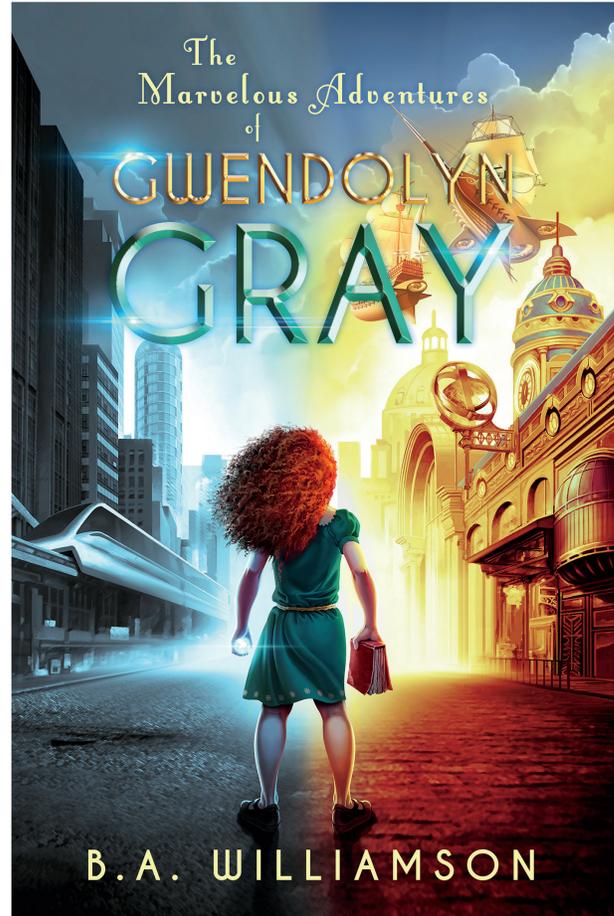

by B. A. Williamson

**Gwendolyn Gray faces an overwhelming battle every day: keeping her imagination under control.** It's a struggle for a dreamer like Gwendolyn, who lives in a city of identical gray skyscrapers, clouds that never clear, and grown-ups who never understand.

But when her daydreams come alive and run amok in The City, the struggle to control them becomes as real as the furry creatures infesting her bedroom. Worse yet, she's drawn the attention of the Faceless Gentlemen, who want to preserve order in The City by erasing Gwendolyn and her troublesome creations.

With the help of two explorers from another world, Gwendolyn escapes and finds herself in a land of clockwork inventions and colorful creations. Now Gwendolyn must harness her powers and, with a gang of airship pirates, stop the Faceless Gentlemen from destroying the new world she loves and the home that never wanted her—before every world becomes gray and dull.

Faded words on yellowed newsprint tell stories of an Apache war party led by a she-wolf. For the frontier newspaperman, Kepler, the accounts beckon him to finish the battles he fought in the Colorado mountains.

Kepler's quest brings stagecoach attacks, waterless days in the Arizona desert, and an unholy alliance with a creature of darkness. In a barroom in a town called Vengeance, Kepler faces down the gunman that even Doc Holiday feared. Renegades and gunrunners stand in his way. And his sacrifice may cost him the woman he loves.

Will his crusade for justice turn to a fight for revenge? In a battle fought with silver bullets and fire, will Kepler's courage be enough?

# THE TOWN BUILT ON SORROW

by David Oppegaard

Welcome to the strange mountain foothills town of Hawthorn, where sixteen-year-old Harper Spurling finds herself increasingly obsessed with the diary of a local 1860s pioneer girl while a serial killer runs unchecked through the area, dumping his victims into the town's dark river. As Harper's curiosity leads her closer and closer to the killer, she'll have to think fast or join the killer's growing list of victims. Because in Hawthorn, a town built on sorrow, the barrier between life and death is as fragile as an old, forgotten skull.

# THE BLACK TEMPEST

BOOK TWO IN THE TIME SHIFT TRILOGY

by Ryan Dalton

It's summer in Emmett's Bluff, and the ice is spreading. Six months after confronting an enemy from the future, Malcolm and Valentine Gilbert have returned to their normal teenage lives. Or, they've tried to. During the battle to save their town, a mysterious force awoke inside the twins. Time calls to them, and it's growing too strong to be ignored.

When warriors from a mysterious ancient kingdom appear, they bring warnings of an unstoppable foe—one whose control of the ice is powered by Time itself. But ice is far more than the Black Tempest's signature. As the twins uncover the truth behind it, they realize their town is only the beginning. If the Black Tempest is not stopped here, his corruption will threaten the very course of history.

As cold advances and doom draws near, the twins' only hope lies in learning to wield Time itself, and in trusting their strange new friends—even if those friends have secrets of their own.
