RACHEL BRAUNIGAN is Gideon's mom. A social worker turned stay-at-home mom, she has four sons. Rachel assists Gideon with his project by taking pictures and helping in his never-ending quest to pet more dogs.

The Wild World Handbook: Habitats

How Adventurers, Artists, Scientists—and You—Can Protect the Earth

By **Andrea Debbink**

Climate change is a defining issue of our lifetime, but research shows that awe is a more powerful motivator for action than fear. With that idea in mind, *The Wild World Handbook: Habitats* offers a guide to environmental stewardship and the diverse habitats we call home.

Inside, middle grade readers will find inspiration, actionable advice, and tales of adventure and optimism about people whose encounters with nature prompted them to act on its behalf. Each chapter explores a different habitat—Mountain, Forest, Grassland, Desert, Rainforest, Freshwater, Ocean, Arctic, and Cities—and includes stories of environmental stewardship, creative activities to engage with the natural world, and bios of diverse outdoor adventurers, scientists, and artists. Kids will discover that no matter where they live or how they engage with nature, they have the ability to make positive change in their world.

This is the first book in a new series, with a handbook on wildlife to follow.

Series Overview

“Fans of [R.L. Stine’s] *Goosebumps* and other lightly creepy fare will look forward to spending more time with [this] series.”—*Publishers Weekly*

by **Charles Gilman**
illustrations by **Eugene Smith**

It’s a new school year in a strange new school: Lovecraft Middle School. It’s a brand-new state-of-the-art facility—so why do creepy things keep happening? Why do teachers act so strangely? And where are all the rats coming from?

In *Professor Gargoyle*, 11-year-old Robert and his new friends Glenn and Karina discover that the school library might be a portal to another world, one teeming with monsters, demons, ghosts, and other beasts that go squish in the night.

In *The Slither Sisters*, we follow Robert and his friends deeper into the world of Lovecraft Middle School—and its bizarre parallel dimension, where they match wits with a pair of mysterious twin sisters who may not be what they seem . . .

Teacher’s Pest introduces us to student council president Howard Mergler. Don’t be fooled by his polite manners or perfect test scores—he’s really a horrible insectoid monster determined to destroy the school!

In our newest book, *Substitute Creature*, after a giant storm dumps over a meter of snow on the town, Robert and his friends find themselves trapped in Lovecraft Middle School. They have no choice but to spend the night sleeping in classrooms and facing off against a sinister substitute teacher.

Lycanthropy and Other Chronic Illnesses

A Novel

By Kristen O'Neal

Priya worked hard to pursue her medical school dreams at Stanford, but a diagnosis of chronic Lyme disease during her sophomore year sends her back to her loving but overbearing family in New Jersey—and leaves her wondering if she'll ever be able to return to the way things were. Thankfully she has her online pen pal, Brigid, and the rest of the members of “oof ouch my bones,” a virtual support group that meets on Discord to crack jokes and vent about their own chronic illnesses.

When Brigid suddenly goes offline, Priya does something out of character: she steals the family car and drives to Pennsylvania to check on Brigid. Priya isn't sure what to expect, but it isn't the horrifying creature that's shut in the basement. With Brigid nowhere to be found, Priya begins to puzzle together an impossible but obvious truth: the creature might be a werewolf—and the werewolf might be Brigid. As Brigid's unique condition worsens, their friendship will be deepened and challenged in unexpected ways, forcing them to reckon with their own ideas of what it means to be normal.

William Shakespeare's The Taming of the Clueless

By Ian Doescher

Clueless gets a makeover that Cher Horowitz and the Bard would approve of in this charming and witty retelling of the beloved '90s movie, presented as an authentic Shakespearean play written in iambic pentameter. Cher, the fairest maiden of Beverly Hills, takes center stage in this comedy of errors in which matchmaking, makeovers, and mall-hopping lead to plenty of merry-making—until Cher realizes her good intentions are creating mischief for her friends and family, including her new best friend Tai and her cute stepbrother Josh. The only solution? Admit that she knoweth nothing and beginneth anew.

Just in time for the movie's 25th anniversary, best-selling author Ian Doescher rolleth with the homies as he brings his signature Shakespearean wordsmithing to this beloved tale.

William Shakespeare's Much Ado about Mean Girls

By Ian Doescher

On Wednesdays we array ourselves in pink! *Mean Girls* gets an Elizabethan makeover in this totally fetch comedy of manners about North Shore High's queen bees, wannabes, misfits, and nerds. Written in the style of the Bard of Avon, *William Shakespeare's Much Ado About Mean Girls* tells the story of Cady Heron's rise from home-schooled jungle freak to one of the most popular girls in school. Every scene and line of dialogue from the iconic script is reimagined in authentic Shakespearean rhyme, meter and stage directions, complete with dramatic asides from Janis, Damian, Gretchen, and Karen. By the end, you'll be surprised that Shakespeare didn't pen this classic story of rivalries, betrayal, jealousy, obsession, and fastidious rule-making about when one can and cannot wear sweatpants.

We Are Here Forever

By Michelle Gish

Based on the popular webcomic, this all-new stand-alone comics collection artfully blends post-apocalyptic sci fi, dry humor, and utter adorability.

It's the most adorable apocalypse ever! The human race has vanished from the earth, replaced by innocent, playful creatures called the Puramus. In this hilarious and epic graphic novel, short interlocking stories follow the purple pals as they explore their new home, form a mini-monarchy, and develop a modern society on par with twenty-first-century humans. A final act pulls us across time and space in the search for clues to the origins of the Puramus. Along the way, humor and intrigue abound: Can King defend his village when nobody understands what war is? Will Jingle work up the nerve to read her poetry at open mic night? Will Puff Puff ever stop floating? Based on the Tumblr comic, *We Are Here Forever* is for fans of post-apocalyptic sci fi blended with dry humor and undeniable adorableness. Colorful and cartoony art will have you rooting for these cute critters through their absurd adventures, but are they really as harmless as they seem?

MICHELLE GISH is a designer and graphic artist who studied packaging design and illustration at Temple University. She works as a designer at WeVeel LLC, a toy and stationery company in the Philadelphia area. This is her first book.

Bites of Terror

Ten Frightfully Delicious Tales

By Cuddles and Rage

Tuck into these darkly funny horror stories served as an utterly unforgettable graphic novel of hand-sculpted dioramas.

The Cake Creeper cordially invites you to a delicious and diabolical feast . . . where he'll serve you a slice of tasty terror. Enter the world of *Bites of Terror*, a gleefully macabre anthology of cautionary tales. Meet an ice-cream cone who regrets a wish granted by a sinister salesman, a quarantined strawberry trying to escape a deathly mold outbreak, and a widowed watermelon dying to regrow her husband from a seed. In the tradition of *Tales from the Crypt* and other classic horror comics, *Bites of Terror* presents a tasty combination of horror and humor that reflects the human condition.

Liz Reed and Jimmy Reed are the husband-and-wife team behind **CUDDLES AND RAGE**, a world of disturbingly cute stories. What began as a webcomic featuring doodles and dioramas of anthropomorphic food has grown to include books, animation, and product design. Their work has been featured by Nerdist, the *Washington Post*, NPR, HelloGiggles, and SparkLife, and they've created content for Netflix, TLC, Science Channel, and AwesomeCon. They live and work in the DC area.

Girls Resist!

A Guide to Activism, Leadership,
and Starting a Revolution

In Over Five
Languages
Worldwide!

By Kaelyn Rich

Girls Resist! is a stylish, relevant, timely activism handbook that speaks to teen girl readers like the intelligent and passionate people they are. In this age of political teen bloggers and young adult celebrities frankly discussing topics like sexism and racism, young women are more engaged, excited, and fired up than ever—but they also need guidance.

Globally-relevant topics not tied to any one country's political system will include picking a cause, fundraising, networking, and protesting. Plenty of space will be devoted to teen-specific topics like having tough talks with unsupportive family members, campaigning for representatives when you're too young to vote, and best practices for being effective (and safe!) while raising awareness on social media. Plus, an attractive design will make this as much a self-purchase as a gift, fitting perfectly between magazines and YA novels on a teen girl's shelf.

KAELYN RICH is a staff writer for popular queer women's website Autostraddle.com. A queer feminist, direct action organizer, and sexuality educator, she is the Assistant Advocacy Director of the American Civil Liberties Union of New York and the former community affairs coordinator for Planned Parenthood of Central and Western New York. She lives with her spouse, their new baby, and a house full of pets.

- Named one of the *Wall Street Journal's* picks for teen activism
- "Likely to become a go-to resource for young activists."—*Publishers Weekly*, starred review
- "Rousing and truthful...Rich is real with readers in a way that's refreshing...A smart tool to fight inequity."—*Booklist*
