Deep Cover

Ex-Navy SEAL Cabe Moss can disappear in plain sight. He sees links in everything, filing every little detail away for future reference as he fades further into the background. He can remember the color of an assailant's eyes, the face of his first kill, and the last time he kissed his fiancée (two years, one month, eleven days, and eight hours ago, the day before she left for Afghanistan, and thanks to a roadside IED, never came back). Which is why the signs are telling him that the recent cases he has worked on with his brothers at Eagle Securities are not only connected, but the tip of the iceberg. He knows money is being laundered. The question is how?

F.B.I. Special Agent Amy Murray knows there are thirty-nine stairs up to her office, nineteen rows of roof tiles on the building opposite her apartment, and that the reason she has no student debt is because she counted cards in blackjack though college. Growing up in Las Vegas with a World Series of Poker champion for a father, it was to be expected. So when the chance arises to act as a dealer in a casino suspected of allowing money laundering on its premises, Amy takes the job. But it lands her straight into the path of the deadly handsome warrior Cabe. As the two work together, their explosive attraction begins to lead to something deeper. But before risking their lives, he needs to risk his heart...

For fans of romantic comedies and office romances.

Every workplace has that one person you don't want to mess with.

At James & Peterson Investigations, that would be Cameron Grant: sullen, grouchy, intimidating, and sexy as hell. He can make your soul wither with a single disapproving glare. And he never, ever socialises with his co-workers.

This is why Maisie Wilkins, happy-go-lucky ray of sunshine, can't fathom why Cameron finally decided to show up at their annual office Christmas party. Every year he received an invite, and every year he failed to attend. But not this year.

Curious as to why he's there, Maisie can't resist sitting next to Cameron. Before she knows it, she's had one too many drinks and is drunkenly hailing a cab back to his place. Office party flings are not something she normally does, but despite his intimidating character, Cameron has a charm she can't resist. Or maybe it was just those five gin and tonics blurring her judgement.

Whatever the reason, Maisie now has to navigate the awkward, tension filled waters of sharing an office with someone she's slept with.

It's not long before Julian discovers Ellen's true identity. However, he has a proposition. If she really wants to pretend, he can introduce her to a world where she can be anyone she wants. Ellen is intrigued by the prospect, and, blind to the nature of Julian's profession as a male escort, closes her eyes and lets him lead the way.

Killer Queen

Come inside the Glamour Patch club to see the star of our show, Miss Vivica Blue.

Do you want to read my diary? I can be whatever you want me to be: boy, girl, a little bit of both.

So, who are we left with? Ah, a fine collection of curious souls. I want to tell you a tale of love, because those are the most glorious kind. I want to tell you about real love, a love that transcends labels and gender stereotypes.

The moment I first laid eyes on my Freda I knew that we were kindred. Well, okay, I also knew I wanted to get into her pants, but that's beside the point. My world was a grey place. Then she came along and patches of color began to spring forth.

Love is not about how we appear on the outside, it's about the soul within.

Painted Faces

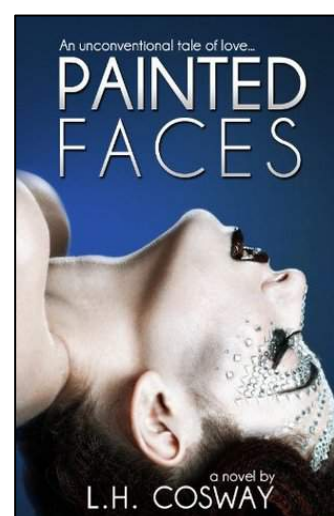

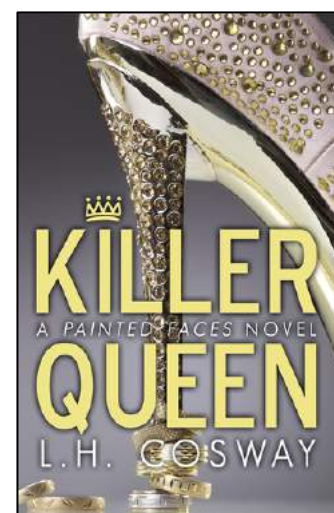

Come forth with an open mind, for an unconventional tale of love...

Dublin native Freda Wilson considers herself an acquired taste. She doesn't have the best track record with first impressions, which is why she gets a surprise when her new neighbor Nicholas takes a shine to her.

Nicholas is darkly handsome, funny and magnetic, and Freda feels like her black and white existence is plunged into a rainbow of color when she's around him. He is a travelling cabaret performer, but Freda doesn't know exactly what that entails until the curtains pull back on his opening night.

She is gobsmacked and entirely intrigued to see him take to the stage in drag.

When Nicholas asks her if she would like to become his show assistant, she soon finds herself immersed in a world of wigs, make-up and high heels, surrounded by pretty men and the temptation of falling for her employer...
